

TRIGID JOB ANNOUNCEMENTS

TRI General Improvement District is the water, wastewater, and future reuse utility of the Tahoe Reno Industrial Center in Northwestern Nevada. We operate a complex and expanding public utility that exclusively serves industrial and commercial customers in the world's largest industrial center. We are currently undergoing an exciting transition as we bring operations and maintenance responsibilities in-house for the first time. You can be a part of building this dynamic organization from the ground up. We are currently recruiting for an Operations Superintendent and/or a Lead Utility Operator. Complete Job Descriptions and TRIGID Applications can be found at our website at www.tri-gid.org. Please direct all inquiries and forward completed TRIGID Applications to Tracy Black at tblack@tri-gid.org. These recruitments will remain open until October 23, 2020 at 5:00 pm. Incomplete or late applications will not be considered.

TRI General Improvement District is an equal-opportunity employer. We cultivate and maintain a work environment that values the dignity of each individual. All qualified applicants will receive consideration for employment without regard to race, color, gender, sexual orientation, gender identity, religion, age, disability or national origin. All decisions affecting any terms and conditions of employment, including recruitment, hiring, assignment, training, compensation, promotion, salary, disciplinary action and an employee's caregiving responsibilities, will be made without regard to race, color, national origin, gender, sexual orientation, religion, age, disability, political affiliation, marital status, membership in an employee association, or any other protected status or category. TRI GID is dedicated to maintaining a safe, efficient and productive work environment and therefore is committed to a Drug and Alcohol-Free Workplace.

Lead Utility Operator Recruitment Summary

Salary Range: \$48,181 - \$72,282 (hourly, non-exempt)

Summary: Under direction of Operations Superintendent, supervises and participates in the operation, maintenance, repair, and construction of TRI-GID's wastewater collection systems, wastewater treatment plant, water distribution system and reuse water system. This is a Journey-level class distinguished from the other positions in the GID by its responsibility for the quality and quantity of results and accomplishments of the assigned staff. The Lead works under general supervision of the Superintendent performing the essential functions at an advanced level.

Education and Experience: High school diploma or equivalent; plus five (5) years of experience in the operation and maintenance of wastewater/water distribution systems.

Certifications: Possess and maintain, or acquire within 12 months of the start date of employment, the following certifications:

- Nevada Certified Wastewater Treatment Plant Operator Grade 3 certification
- Nevada Certified Collections Systems Operator Grade 3 certification
- Nevada Certified Water Treatment Operator Grade 2 certification
- Nevada Water Distribution Operator Grade 2 certification

Operations Superintendent Recruitment Summary

Salary Range: \$56,455 - \$86,922 (exempt)

Summary: Under direction of Technical Services Manager, supervises and participates in the operation, maintenance, repair, and construction of TRI-GID's wastewater collection systems, wastewater treatment plant, water distribution system and reuse water system. This is a working supervisor class distinguished from the other positions in the GID by its responsibility for the quality and quantity of results and accomplishments of the assigned staff.

Education and Experience: High school diploma or equivalent; plus five (5) years of experience in the operation and maintenance of wastewater/water distribution systems; at least one year of experience with maintenance and operations program administration and supervision is strongly preferred.

Certifications: Possess and maintain, or acquire within 12 months of the start date of employment, the following certifications:

- State of Nevada Certified Wastewater Treatment Plant Operator Grade 4 certification
- State of Nevada Certified Collections Systems Operator Grade 4 certification
- Nevada Certified Water Treatment Operator Grade 3 certification
- Water Distribution Operator Grade 3 certification
